

Monastery Zone Change Denied By 2-2 Vote

Petition Now Slated for Oblivion; Break in Deadlock Only Recourse

Froehlich, Jackson Nays Cancel Schiltz, Nuetzel Vote After Open Hearing Tuesday

A deadlocked City Council, voting in the absence of Mayor J. Milton Steinberger, withheld approval of the zone change petition of the Passionist Fathers after a public hearing Tues. night during which representatives of both sides of the controversial issue presented opinions before a packed Council Chamber.

The petition requests a change from R1 (residential) to "institutional" for the 50 Monastery acres to allow for improvements, construction of chapels and buildings, and creation of a private cemetery. A 4-3 majority of the Planning Commission recommended the change, but a strongly worded minority report, drawn up by the three dissenting Commission members, opposed the move.

According to City Attorney Thomas A. Reynolds, unless a special meeting is called in hope of re-aligning the vote, the petition for an "institutional" zone by the Catholic Order would automatically die August 10, two days before the next regular meeting of the Council. The petition was filed May 12 and, according to the City Attorney, must be acted on by the Council within 90 days of filing date.

The present petition cannot be appealed or referred again to the Planning Commission, the City Attorney stated. Opinion opposing the establishment of a new zone was spearheaded by former City Councilman Paul Carter, representing his aunt, Mrs. Julia Henszey of North Lima, who owns 20 acres which Mr. Carter described as lying adjacent to the Monastery and "potentially one of the finest residential areas in Sierra Madre."

Pointing out that the requested changes could be taken care of through variances established in the zoning ordinance, Mr. Carter contended that the "present zoning ordinance is still good."

"If Sierra Madre establishes a 'spot' zone, it will be the opening wedge in the zoning ordinance which has stood for 10 years," he stated. "What, then, is to stop any group from demanding 'spot' zones for its own interest?"

His stand was sustained by brief statements from Mrs. Sally Osgood, planning commissioner, E. R. Johnson of Montecito, W. A. Rhoades of Manzanita, Jack Buchan of Montecito, Mr. Wormack of West Orange Grove and T. R. Stetson of Woodland Drive.

Noren Eaton, representing the Passionist Fathers, stated that the Monastery already was in existence when the zoning ordinance went in effect and that the Order actually was "asking correction of an error" created when the Monastery was zoned R1 at that time.

He said that under the sought "institutional" zoning the area would be limited strictly to monastery or institutional purposes except for the private cemetery.

Asking for Council action on the majority recommendation of the Planning Commission, Judge Eaton stated that under variance workings of the ordinance, the Fathers would have to be able to proceed with any proposed construction within six months of the variance grant.

He said the group was not ready with necessary funds, but wanted the right to ask contributions for enlargement of the Monastery.

Father Boniface, Rector of the Monastery, in analyzing the minority report, called it a document of "fear," containing an "assumption of bad faith against citizens of 24 years."

He set forth the needs of the Monastery for relief, as acknowledged by the Planning Commission, and asked that the majority recommendation of that body be accepted.

Secretary of the Planning Commission, W. Webster Vanier, signer of the minority report, concluded the opposition's stand with the statement that "according to the best legal advice, if you grant a spot zone, you grant a monopoly. You then must grant those rights to everyone who applies. You must, as a result, either enlarge that spot zone or grant zones all over the city for religious groups that want to come in and bury their dead."

At the close of the discussion, Councilman Henry Nuetzel moved that the Council accept the recommendation of the Planning Commission favoring the zone change. Councilman W. J. Schiltz seconded it and the audience sat in tense silence as Mr. Nuetzel voted aye, Councilman Don Jackson, no, Mr. Schiltz, aye, and Councilman John Froehlich cast the decisive no, deadlocking the issue.

Mr. Froehlich stated that his negative vote was cast against "setting of a precedent."

Mr. Jackson said he was prepared to move that the petition be referred back to the Planning Commission for further study. However, City Attorney Reynolds held that such a move was not possible.

Group Backs Sturgeon To High Bench

The appointment of Judge John A. H. Sturgeon of Monrovia to one of the newly-created Los Angeles County Superior judgeships has been urged in a letter to Governor Earl Warren by the Foothill Bar Association.

Judge Sturgeon, a resident of Monrovia for 35 years, is a Stanford graduate, studied also at the University of California and was admitted to the State Bar in 1922.

He has practiced law in the neighboring city since 1925 and became Justice of the Peace of Monrovia Township the same year. He has been Monrovia City Judge 17 years.

The Bar Association vote to seek Judge Sturgeon's appointment to the Superior bench was taken at the last regular meeting and was unanimous.

San Marino Takes 45 Per Cent Boost

With a thumping jump of 45 per cent over last year, San Marino's assessed valuation for 1947 '48 was placed at \$25,165,945 by the County Assessor's Office.

Compared with last year's figure of \$17,428,630, this means an increase of \$7,737,315.

These figures apply only to real estate improvements, land values and personal property and do not include any increase in public utilities, which are fixed by the State Board of Equalization.

AUXILIARY ELECTS

The Auxiliary of the American Legion will hold election of officers tonight (July 24) at the home of Mrs. Eva Graves, 324 Oakdale Drive.

School Library Pioneer Receives National Award

To have had a hand in the formation of a national association—and then, 34 years later, to be signally honored by that

appreciation of books during school years is a vital step toward intelligent citizenship."

Those are Miss Pritchard's words and she has held to them since she began her profession in White Plains, N. Y., as the first high school librarian in lush Westchester County.

From there she went on to be neither teacher nor librarian, but both; at the State Normal School she equipped librarians to be teachers so they might fulfill school requirements; for six years in Detroit she taught teachers to be librarians so they could operate in elementary schools.

Gaining her degree by degrees, she went first to Columbia University for a Bachelor of Science in Education and later interrupted her work to get a Master's degree at the Graduate Library School at the University of Chicago.

She was called in to start the Department of Librarianship at State Teachers College in Albany, N. Y., and headed it for 14 years.

Miss Pritchard retired from there to join her brother, Dr. Arthur O. Pritchard, former pastor of the Sierra Madre Congregational Church, and has made her home here for several years in the comfortable house on Alegria which contains lovely antiques and an unaccountable number of books.

National recognition comes fittingly to a woman who helped pioneer the idea that "a reading public is a thinking public; and teaching the use and

Count Your Frogs Ere You Snatch Them

BRODERICK, YOLO COUNTY, July—Twenty-four frogs per person is the legal limit, but Beauford Wonderling and James Schurtz, both of Broderick, struck a bullfrog bonanza on a slough near Sheridan, north of Lincoln, Placer County, and the first thing they knew, there were 157 big fat-legged amphibians in their gunny sack.

The men caught the frogs by shining a bright light in their eyes, easing their boat toward the dazzled frog and snatching him out of the water. A couple of Fish and Game wardens came along and snatched Wonderling and Schurtz on a charge of possessing more than a limit of bullfrogs.

Judge L. D. Drew sentenced each of the men to pay a \$50 fine when they pleaded guilty. Wonderling spent a day in jail at Woodland before paying \$48.

Fire-Fire-Fire!

Sierra Madre has been known for years as one of the most fire-conscious communities in California, but there are newcomers here who do not realize that we sit upon a keg of dynamite during the hot, dry summers.

They do not realize that if fire destroys the brush and vegetation on our mountainsides, there will be nothing to hold back the water in heavy winter rains.

The decomposed granite on which we are built easily washes away in rains, already there have been instances of destruction during torrential storms.

A visit to Montrose might open the eyes of doubters.

Right now the conditions in the canyons are especially dangerous—one small match or dropped cigarette can start a fire that would sweep through the canyon and destroy everything in its path.

Watch the sparks!
Keep the fires out!
For we are vulnerable.

Convention Report Given Kiwanis Club

At Tuesday's Kiwanis meeting, President Robert Green and Dr. J. Earl Gossard gave reports on the national Kiwanis convention held in Chicago recently. Dr. Daniel D'Arcy presided.

Gale Hersey, Scoutmaster of Explorer Troop Post 108, reported that progress is being made in the drive for carpenters' tools needed for the workshop in the Youth Hut.

About 20 members are planning a fishing trip from Newport Sunday, August 17, according to report of Dr. Milton Valois, chairman.

Harry Lange announced that the sum of \$2617.42 has been raised for the city's Youth Fund, but stated that it was not quite up to quota.

Guests were Rev. Clarence Nida, new pastor of Bethany Church; Richard W. Lees, now associated with T. W. Neale; Henry Korsmeier, and Francis Danielson, new owner of the Sierra Madre Radio and Paint store.

Fines were levied on John Rasmussen and Eugene Lunsford for having celebrated recent birthdays.

Kiwanians who attended the recent stag barbecue division meet at Claremont included: Dr. Raymond C. Simpson, Dr.

Lions Head For Northern Convention

Sierra Madre Lions J. P. Hartney and Roy W. Macy have been elected delegates to attend the International Convention to be held in San Francisco next week.

Others going from here include President and Mrs. Ralph Welch, past President and Mrs. Ben Gossweiler, 2nd vice-President and Mrs. Lloyd Welch and Mrs. Grace Summers, wife of the late Grover Summers, first president of the local club.

Despite, or maybe because of, recent arnica applications, the local Lions Club has won its last two ball games, walloping Arcadia 23 to 16, and Monrovia 5 to 3.

Omitted last week in a slip-up twixt Pappy Welch and the NEWS editor were the names of Sim Hammill as member of the Board of Directors; Sterling Rippe as Tail Twister, and Percy Kortkamp as Lion Tamer.

Collision Nets Charge Of Speeding

Arrestment of John H. Jackson, 26, of 1933 S. Myrtle, Monrovia, on charges of speeding and reckless driving has tentatively been set for July 29 in City Court, according to police.

Charges grew out of an accident which occurred Monday afternoon when Mr. Jackson, an employee of Seaside Service Station, collided with the car driven by John V. Webster, 45, of 438 Mariposa. The two cars hit at the Lima and Mariposa intersection and Jackson's car, turning completely over, righted itself on the curb of Lima 86 feet from the point of impact.

Mr. Jackson was badly shaken up, but suffered only a minor cut on the forehead.

Mr. Webster, who was unhurt but whose car was damaged, has preferred the speeding and reckless driving charges, according to police.

Mr. Wheeler, who is survived by his father and mother, Mrs. Elizabeth Wheeler of the Sierra Madre address, was a Mason in the Pasadena Lodge.

COLORFUL CENTURY OF LIFE CLOSSES

SENORA SOSTENES LEUVANO DE VELASQUEZ

One hundred and two years of living which encompassed civil revolutions in the country of her birth and two world wars fought by her adopted country drew to a close in the thin early morning hours Saturday for Sostenes Leuvano de Velasquez.

Rosary was read at Grant Chapel and Requiem Mass held Tuesday at St. Rita's Church for the centenarian who was born in Zacatecas, Mexico, in 1845 and whose first recollections were of the brilliantly-uniformed soldiers of the Emperor Maximilian whose imposed reign ended abruptly with his execution in 1867.

During the turbulent revolutionary days in 1915, Mrs. Velasquez left Mexico and came to this country, settling 21 years ago in Sierra Madre. The latter days of her life were passed in the Grove Street home of her grandson, Juan Velasquez.

She suffered a slight stroke two years ago when notified that her great-grandson, Pfc. Martin Velasquez, had been killed in action in Manila, but had been in good health until recently when an operation was indicated for an abdominal tumor.

Mrs. Velasquez survived the immediate shock of the operation but passed away nine days later in St. Luke Hospital.

Surviving her are an adopted sister Maria L. Solis of Oxnard; two grandsons, Juan Velasquez of Sierra Madre and Natividad Velasquez of El Monte; a great grandson, Ted and two great granddaughters, Sofia and Eloise, all of Sierra Madre.

Interment was at Sierra Madre Cemetery.

Top Harvard Astronomer Visits Here

Dr. Bart Jan Bok, one of the three head directors of the Harvard Astronomical Observatory in Cambridge, Mass., and his family are concluding a week's visit in Sierra Madre with Mrs. Bok's parents, Rev. and Mrs. Oliver Jay Fairfield at their home, 640 W. Alegria.

Mrs. Bok also is a professor of astronomy, having received a Ph. D. for service at Lick Observatory. She has taught at Smith and Radcliffe Colleges and during the war was a member of a commission to study mathematical problems in navigation for air and sea services.

Combining forces, the Boks authored "The Milky Way", one of the Harvard books on astronomy.

Dr. Bok's trip West already has encompassed the Mt. Wilson Observatory, Cal-Tech and Palomar, and he will continue to visit leading observatories and technical schools which are associated with Harvard in observing and studying phenomena of the skies as they occur.

He has chosen as his special field the problems of the Milky Way—that great band of stars that circles the entire heavens, best seen here in mid-summer on a moonless night shortly after sunset.

But the most interesting parts of the Way are seen in the Southern Hemisphere and Dr. Bok already has secured more than \$80,000 for an observatory in South Africa which will provide an excellent site and the unclouded skies essential to favorable observation.

According to his host, the next trip probably will take him to South Africa for establishment of Harvard's Southern Observatory.

Accompanying the Boks are son, John, who will enter Harvard, and daughter, Joyce, a junior-high student.

Director Lampton stated that a record had been established in 1946, when on December 31st 3,450,097 vehicles were listed in the Department's records.

Increase In
Tax Income
28 Per Cent

Each cent of Los Angeles county tax rate for 1946-47 brought in 28 per cent more in county taxes than a cent of county tax rate did in prewar 1941-42, Calif. Taxpayers' association said today, making public its study of the effect of increases in assessed values on the productivity of tax rates.

In 1946-47, each cent of county tax rate raised \$329,957 in taxes, compared with the \$258,184 which each cent of the 1941-42 rate raised. Assessed valuation of taxable property in the county for 1946-47 totalled \$3,299,574,610. For 1941-42, total taxable valuation in the county was \$2,581,841,644.

Every cent of local tax rate in each of the local governments of the county showed a gain in tax collecting productivity proportionate to the increase in taxable valuation of property in the local unit, the association said.

In almost every California county, taxable valuations of property for 1947-48 are reported showing large-scale increases over valuations for 1946-47, the Taxpayers' association said, pointing out that all the increase in assessed values will directly increase the yield of each cent of tax rate of the local government in which the growth in valuation occurs.

Amateur Golf Championship At Sacramento

Some of the finest amateur golfers in the United States may compete in the three-day California State Fair golf Championship at Sacramento municipal course August 31 through September 1.

The state fair golf event had been held annually for many years at the same time as the fair, which this year is scheduled to open the evening of August 28 and run through September 7.

The United States amateur championship will be held on the Pebble Beach Course, Del Monte, September 8-15.

Prize winners in the Los Angeles area are Laura F. Anderson of the Art Department at UCLA, Gertrud and Otto Natzler of Los Angeles; Beatrice Wood, Hollywood; and William Manker, Claremont.

A total of 247 works of the 501 in the initial showing of the Exhibition will be on view here. The Exhibition, sponsored by the Syracuse Museum of Fine Arts and the Onondaga Pottery Co., of Syracuse, is making a tour across the United States.

The famous 500 year old live oak tree, standing now on San Marino city property, recently underwent surgery to attempt cure of a fungus decay which threatened the life of the giant.

City Park Superintendent Armin Thurnher attributed the loss of many great valley oaks to increasingly humid weather, but believed that removal of fungus decay and

"filling" of the affected area might save San Marino's landmark. The tree stands on the site of the city's proposed public library and designers of the building have drawn their plans to allow for its great spread.

In 1941 the San Marino Garden Club cabled the oak's main branches to prevent them from breaking apart and placed a plaque on its trunk attesting to its historical value.

POLICE BLOTTER

Dog bite... and much worse than his bark... victim treated by doctor, dog owner learns about ordinances and dog goes in quarantine... Lost child. 5 year-old leaves church school and climbs into car delivering other youngsters to their homes. Car stops in Canyon to let some off and 5-year-old trails along with them. Rescued by kind lady and picked up by minister... Wallet lost... wallet found... all's well... Burning out of hours. Of all the seasons of the year, this is the worst to pick for unguarded or unwatched burning. Warning given... New high reached in registering complaint on barking dogs... Police Dept received copy of telegram sent to dog owner containing information on hours dog barked and number of residents disturbed... Can collector has been kicking the cans around.

Another lost child, this time a little girl went wandering... drove her around block until she picked out what she thought was home. Mother thought so too. Probably end of wandering for some time to come... Dead cat... Watch lost... Another dead cat... Bicycle stolen... Chickens again, hold your hats... these were penned too close to neighbors. Law says 25 feet from front property line.

Malicious mischief around a parked trailer, may seem funny to the perpetrator, but serious to owner and the cops... Motorcyclists traveling down Sturtevant Trail not only forbidden but highly dangerous as fire hazard... Another dog bite, dog reported to Health Dept... Burning out of hours... Three boys old enough to know better, found shooting along residential street with a .22 and a BB gun. Against the law and all good sense. Parents should check on these summer excursions... Parents and boys brought in for talk with Chief... Stray dog... Pleated left rear fender as result of passing too close... That's all.

TWO DOG BITE CASES REPORTED

Two small Sierra Madres were victims of dog bites during the week: John Clark, 11, son of Mrs. Lupe Clark of 26 West Alegria, was bitten on the right leg by a dog which police report as belonging to Mrs. Barbara Heasley, 30 Victoria Lane. Jaul Jones, 7, son of Mrs. L. B. Jones, was bitten in the upper arm by a dog reportedly belonging to R. H. Paul, 30 Rancho Road.

Both cases were reported by police to the Health Dept.

GIRLS DO CRAZY THINGS when they're young. Just like boys; they climb trees and fences, and slide down hills on the seat of their pants, so get them some cast iron dentims that you don't have to iron, and let them enjoy it while they can. The Balling Baby Shop just got in some dandies, denim slacks and shorts in sizes 3 to 14, and bib shorts 3 to 6. They're well cut so they're comfortable, and trimmed with a little red so they're better looking than the average, and Sanforized shrunk. 2.95. (They're good to take on the vacation trip!)

WHITE POLO SHIRTS are another good stand-by for another boys and girls to take on vacations. The new ones are well made, and a good length so that the shirt tail doesn't keep coming out. Don't laugh. That's IMPORTANT! Sizes 1 to 14. 59c. Boys' jockey shorts just came in, too... 49c.

WHILE WE'RE TALKING ABOUT VACATIONS, here's something that's handy for keeping baby's food in. "Jars" are a set of six jars with boil-proof picture labels for prunes, spinach, vegetable meat, beefs, soup and custard. One can of baby food usually is too much for one feeding, so you just put what's left in a Jarlette, then when you want it again, just put it in warm water and bring slowly to the desired temperature. There's a nice recessed metal tray to hold the whole set, for home use. The whole outfit in an illustrated gift box, for 3.95.

CUSTOMERS have asked & asked for those California-made, rubber-body "Sunland" dolls that are so cute and practical. Well, some more finally came in, so don't say I didn't tell you. That's the way it is at the Balling Baby Shop. If we don't have it, we keep trying until we get it for you. 401 1/2 South Myrtle Avenue in Moorovia, is the Balling Baby Shop's address—as if you'd forgotten.

MULTIPLYING THE PRINTED WORD

THE INVENTION OF THE ROTARY PRESS BY RICHARD HOE IN 1846 MADE IT POSSIBLE TO PRINT WITH SPEED AND EFFICIENCY.

TILGHMAN'S DEVELOPMENT IN 1866 OF A METHOD FOR MAKING PAPER FROM WOOD PULP, VASTLY INCREASED PRODUCTION.

WHEN MERGENTHALER INVENTED HIS MECHANICAL TYPESETTER-THE LINOTYPE-IN 1885, THE PROCESS OF SETTING TYPE WAS SPEEDED UP

THE INVENTIVE GENIUS OF THESE THREE AMERICANS TREMENDOUSLY BROADENED THE SERVICE OF THE PRINTED WORD AND STIMULATED THE FREE EXCHANGE OF IDEAS, SO ESSENTIAL TO A DEMOCRACY.

The orchestra will be under the direction of Frank Tours. Special settings of dramatic intensity have been created by Richard Jackson. Cast is under the direction of the noted Broadway director, Edward Reveau.

GAS TAX PROFITS UP

California's gasoline taxes, increased during the closing days of the last legislative session to 4½¢ per gallon, effective July 1, produced net revenues of \$6,399,288 in May when the tax rate was still 3¢ on each gallon. This marked a gain of \$231,545, or 3.75 per cent over the same month of 1946 when the corresponding tax yield was \$6,167,743.

ANOAKIA ARE
EXPANDED

According to announcement by Miss Alma J. Wylie, Director, Anoakia's 1947 June graduates have been accepted for the coming college year at Connecticut, Monticello, Smith, Vassar, Wellesley, Stephens Stanford, Occidental UCLA and USC.

Located at 704 West Foothill Blvd., Anoakia is to begin its Fall term with added emphasis on accommodating girls entering the seventh and eighth grades. Miss Wylie stated.

Several additions and improvements have been made at the school, including enlargement of the library which now contains a reference and reading room directed by Miss Ethel Julian, librarian, who came to the school following many years' experience at Detroit, Michigan.

Classrooms have been added and remodeled and a gymnasium is being provided to give facilities for courses in corrective gymnastics and the dance.

Anoakia, which is both day and boarding school, is fully accredited and a member of the California Assn. of Independent Secondary Schools. Its curriculum covers grades 7 through 12.

Over 42,000 loans amounting to a total of \$325,800,000 have been certified by the Loan Guaranty Division of the VA in the Los Angeles Regional area.

FIRE
FLAMES

Mayor Steinberger, a retired fireman, can not resist the call of the smoke. He followed along when the firemen went to drill last Friday and it was with a great deal of will power that he stayed away from the workings of the equipment. A fire call in the middle of the week brought out the speedsters. What used to be a race between "Shorty" Steinberger and Andy Liscomb from opposite corners, is now a race between Andy and Bobby Clarke from the same location. The fire turned out to be of little damage and good luck is still with us.

Another fire starting in the dry grass of Camillo Street was quickly extinguished by the men of the neighborhood after two small boys started the fire with matches.

The regular meeting was typical and because the recent picnic deleted the Cuss Can Fund, a new start was profitable. The Collector himself paid when it was found that he forgot to dry out the "Can" and the money collected got wet. Grippi will live long before this incident will be forgotten.

Because our inspections of fire hazards are limited, due to time allowed, we still find occasional serious conditions in garages, basements and sheds hereabouts. Lack of space and housing has brought about dangerous storage of packing goods—this creates a real hazard.

Folks who have recently come to our city must learn of the danger to our city from fire. Generally it is the newcomers who pile paper boxes atop one another—all containing shredded paper or combustible material.

Fires throughout the State have destroyed much good timber and watershed. Those exam-

ples should serve to warn us of our own mountainous area and the necessity of using all possible precautions.

The brush that faces us from the mountains may not be as beautiful as great evergreen trees, but it has real value to us. WATCH THE SPARKS.

The founding of pure breeds of swine did not take place until the 18th or 19th centuries, according to the Encyclopaedia Britannica, although the pig had been known to man for hundreds of years.

Carelessness Believed
Start of Nearby Fire

Flames probably started by a careless smoker early Saturday night menaced the Norumbega Heights district of Monrovia. The fire started along the road in the 700 block of Norumbega Drive, but was curbed by city firemen before any serious damage resulted. The fact that it was a roadside blaze lent credence to the opinion that it had been started by careless tossing of a cigarette or burning match.

Don't smoke in forest areas.

S. M. LIBRARIAN AT ANNUAL MEET

Miss Moore is to report on both sessions at the regular August meeting of the Library Board.

MAESTRO'S CHOICE—Milton Katims, brilliant young conductor and violinist, will be guest director of Toscanini's NBC Symphony Orchestra, Sundays, Aug. 3 and 10. Katims, who occupies the first viola desk of the orchestra, was chosen by Toscanini as one of the guest directors during the summer season.

"Arms and the Man" On Pasadena Stage

George Bernard Shaw's brilliant comedy "Arms and the Man", is on the Pasadena Playhouse stage until July 27 as the midway point in the current 13th annual Midsummer Drama Festival, a series which marks milestones in 30 years of Playhouse history.

Playhouse association with the Bearded One started back in 1922 and has reached a total of 265 performances of 22 Shaw plays over the years, a total surpassed only by Shakespeare. Among the "patron saints" honored in the current cycle, Shaw was a "must".

"Arms and the Man" and its sharp-witted yarn of "The Chocolate Soldier" is a rich satire on war, on Captain Bluntschi and his battle of the bouidior. The pointed pen of Shaw spouts alternate showers of broad comedy and broader barbs as "Arms and the Man" unfolds.

Paul Langton, stage and film favorite, and Janet Waldo, noted radio player and the "Corliss Archer" of the air waves, team in the lead roles. Robert Palma, Marcella Cliney, George Phelps, Ann Melvin, Jack Wilson and Richard Farrell complete the Playhouse cast under Phelps' direction.

DINNER HONORS RECENTLY WED LOCAL COUPLE

The dinner guests included Mr. and Mrs. Lyle McElwain, Robert Orme, Bill Estes, Vernon Udell, Mel Morse, Sam Gorman, Owen Kiggins, William Bailey, Bunny Nelles, John Henning of San Francisco and singles; Ber-nice Strong, Joby Kiggins, Brad Cushing, Tony Mack, Kay Miller, Art Connor, Mary Richardson, Euster Perry, Morris Orme and Jimmy Harkness.

PILGRIMAGE PLAY

SPORT

Proper attire in sport is recognized as much a part of the game as the paraphernalia needed to play the game.

In business or in social life proper attire is even more necessary.

Why jeopardize your chances when for small cost you can always keep your clothes in the best of condition if you make it a habit to send them to Bonita for careful expert cleaning and pressing.

THE DRAUGHTSMAN

Edward G. Kelley and Donald L. Hirt ponder over an intricate installation. They are telephone draughtsmen who draw the plans worked out by the engineers. Before construction can be begun on any project all circuit diagrams and other details must first appear as little black lines on white paper for the guidance of the installation crews.

Whether it be the setting up of a switchboard, the removal of a partition, the stringing of a cable, or the placing of a pole, Ed and Don must sharpen their pencils and do their stuff before the work can even be started. Their task is another one of the time-consuming jobs incidental to the expansion of a telephone system.

Nancy Holmes SUGGESTS

THERE'S great excitement in the air July Fourth, for this is one holiday which most Americans plan to celebrate. Fortunately, people's ideas of "celebrating" differ, even though the vast numbers that turn out to picnic seem to leave doubt that there is anyone left at home. But for those stay-at-homes Nancy Holmes of the Best Foods consumer kitchens has created a luscious Red Cherry Pinwheel dessert as a fast reminder of Independence Day. It's as festive as a firecracker and a sight taster!

Red Cherry Pinwheels

Filling:
2 tablespoons flour
1/4 cup sugar
2 1/2 cups canned or cooked fresh red cherries and juice
2 teaspoons lemon juice
1 tablespoon vitaminized margarine

Dough:
1 1/2 cups sifted flour
1/2 teaspoon salt
3 teaspoons baking powder
3 tablespoons sugar
1/4 cup vitaminized margarine
1 egg
1/4 cup milk
1/4 teaspoon almond extract
1 cup heavy cream, whipped

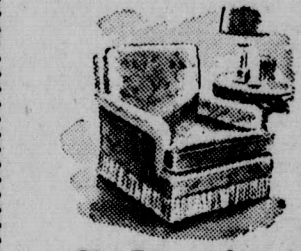

Blend flour and sugar; add 1 1/2 cups cherries and juice and cook, stirring constantly, until thickened. Stir in lemon juice and vitaminized margarine, and pour into well-greased baking dish. For dough: sift flour, salt, baking powder and 1 tablespoon sugar. Cut margarine in with pastry blender or 2 knives. Beat egg, add milk and extract; stir into flour mixture just until moistened. Place on floured board and roll 1/2 inch thick; brush with melted vitaminized margarine; sprinkle with 2 tablespoons sugar and sprinkle with remaining cup of cherries, drained. Roll as for jelly roll and cut in 1-inch slices. Arrange slices, cut side down, over cherries in pan. Bake in hot oven (425° F.) about 20 minutes. Serve warm or chilled with whipped cream. Yield: 6 servings.
